Tired of shouted conversations over whirring espresso machines? Want a healthy alternative to the calorie and caffeine-laden beverages in **coffee houses**?

LusTea is a contemporary **tea house** planned to open this coming December in **Livermore, CA**. It will feature a large selection of both hot and iced teas; locally grown food for snacks and light lunches; and a small selection of common beverages for the less adventurous. It will be a quiet escape from a **coffee shop's** usual noise and crowded confines.

Its main room décor will be comfortable and contemporary, neither overly severe nor overtly feminine. Private party rooms will be available to accommodate those seeking the frilly feel of English High Tea or the simple austerity of a traditional Japanese Tea room. LusTea will have a quiet, family-friendly atmosphere and hopes to be able to offer patio seating for those who enjoy tea al fresco.

Tea Parties, Theme Parties, and Events

Hosting a party is great fun. Having guests compliment you for your festive decorations, food, and drinks is wonderful. Cleaning your house before the party, putting up decorations, making the food, cleaning up afterward—often not so much fun.

Let LusTea take the work out of your party. We plan to offer these theme-based **tea parties** in our private rooms:

- **English High Tea**
- **Mad Hatters Tea Party**
- Masquerade Tea Party
- **Japanese Tea**
- Gypsy Tea--complete with fortune telling
- Alice's Tea Party (for children)
- Miss Spider's Tea Party (for children)

Want the fun and novelty of a theme party, but don't see a theme above that interests you? Let our party specialists design your perfect **tea party**. All our **theme parties** will handle groups up to 10 and include complimentary, theme-appropriate party favors. Want a fun, memorable birthday, bachelorette, or bridal party but lack the time to put it all together? Let LusTea do the work for you.

Only need event space and don't want a full service party? Ask our party planner about our Hosting package: tea, treats, and a private room to host your next club or business event.

Christine Lusty's Background

LusTea's driving force is Christine Lusty. As a child she drank tea with her mother and listened to stories of her great, great grandmother reading tea leaves (tasseology). Those experiences aroused Christine's passionate interest in tea and in tasseology. She's spent the last decade exploring the many flavors of tea, the characteristics of loose teas, and the different pairings of teas and food. Whether you're from **Livermore**, the **Tri-Valley** area, or beyond, come to LusTea. Let Christine's knowledge and proficiency guide you in experiencing a tea array far beyond anything previously available locally.

LusTea-for those passionate about tea and for those who just want to try something different.
